

Teddy Will Go To France; House Reverses Itself

(International News Service.)

Washington, May 12.—Rejecting the conference report on the army draft bill, the House today instructed its conferees to return to conference and include an amendment in the bill which would permit the acceptance of Col. Roosevelt's offer to lead an expeditionary force to France.

The vote to recommit was 215 to 178, divided mainly along partisan lines. The motion to recommit was introduced by Representative Anthony, one of the conferees, who refused to sign the conference report because of elimination of the Roosevelt amendment.

In returning the bill to conference, the house binds its conferees to accept the senate amendment for the Roosevelt volunteers.

Chairman Dent of the military affairs committee, made a vigorous fight against the Anthony motion. "There is no logic whatever in saying the volunteer system is all wrong and then turning around here today and saying that we shall give a special privilege to one man in favor of the proposition." He cited the fact that the house formerly by a vote of 170 to 106 had rejected the Roosevelt proposition.

HAIG'S FORCES ARE SMASHING FORWARD WAR OFFICE SAYS

Advances Made Last Night and This Morning on West Front

(International News Service.)

London, May 12.—Field Marshal Haig's forces are smashing their way forward again. The war office today announced that the British made further advances last night and this morning following the repulse of furious attacks by the Germans.

The statement follows: "At night and early this morning we made attacks on the Hindenburg line in the neighborhood of Bullecourt and also astride the Arras-Cambrai road and to the north of the Scarpe. We gained our objective at all points and took hundreds of prisoners."

HOLWEGG DECLINES TO OUTLINE TERMS

IMPERIAL GERMAN CHANCELLOR WINS OVER OPPOSING FAC- TORS IN REICHSTAG.

(International News Service.)

Amsterdam, May 12.—Chancellor Von Bethmann-Holwegg will not discuss peace terms in the Reichstag.

This is indicated in the Germania, the official organ of the clerical party, according to dispatches received here today. Indications are that the chancellor has won over the members of the liberal party who were crying for a discussion of peace and the socialist leaders are gradually changing their attitude.

Count Karolyi, head of the Hungarian independent party, has issued an appeal for widespread peace agitation. The appeal also calls for universal suffrage.

Local Boy Sails For France With First U. S. Contingent Sent To Aid Of The Allies

At least one local boy is a member of the first American expedition sent to France to aid the allies. He is C. T. Hardeman, Jr., a member of the hospital corps of the United States army. A postal card received here today by his parents from New York City and dated May 8, read: "Am sailing today on the liner Orduna for somewhere in France. Will write when I can and send address. Impossible to write letter."

Mr. Hardeman has been in the hospital corps of the regular army for the past two years, holding the rank of sergeant, and for some time was stationed at Plattsburg, N. Y. A few days ago he was transferred to Fort Jay, N. Y. That he has not written more fully of his orders to proceed abroad is due, it is thought, to the fact that much secrecy is being maintained in regard to the movements of army units to Europe.

NEGRO IS FOUND GUILTY OF MURDER WHITE MAN, GIVEN A LIFE SENTENCE

JEFF McCULLOCH CONVICTED OF KILLING LEROY WHITE ON MOULTON HEIGHTS, THREE YEARS AGO.

FIRE WATER IS BLAMED

FOR FOURTH TIME DURING THE PRESENT TERM MEN CHARGED WITH HOMICIDE ARE CONVICTED. NOTICE OF APPEAL.

Jeff McCulloch, negro, charged with the killing of Leroy White, a white man, on Moulton Heights, February 14, 1914, was this morning found guilty of murder in the first degree and sentenced to life imprisonment. Immediately after the verdict was returned counsel for the defense notified the court that a motion for a new trial would be entered.

McCulloch killed White on the night of February 14, 1914. The negro claims that he was drunk at the time and did not know what he was doing. White, with some companions, was on his way home and had stopped in at a store on Moulton Heights. McCulloch, it is said, left the store and walked about two hundred yards to his home, obtained a shotgun and returned. As soon as he entered the store he began shooting, and White was killed. No trouble is said to have arisen between the negro and White. The defendant's plea was that he was drunk at the time of the killing and was not responsible for what he did.

After the killing McCulloch escaped and was only recently captured in Oklahoma and brought back here for trial.

This is the last of four murder trials to be heard during the present term of court. In each instance convictions have been returned.

Officers of the Ultonia were unable to learn the name of the other ship, which sank rapidly. Further particulars were refused.

On Thursday, May 10, the London Chronicle carried a story to the effect that a large steamer had been sunk, with a loss of 70 lives two weeks ago. No announcement of this disaster was made by the admiralty.

ONE COMMISSION WILL SPEND MONEY LOANED TO ALLIES

VAST PURCHASING POWER TO BE CENTRALIZED TO ELIMINATE COMPETITION.

(International News Service.)

Washington, May 12.—The greatest purchasing commission in the history of the world soon will have its headquarters here. It will purchase all supplies needed for France, Italy and Great Britain. By so doing it is expected it will be possible to eliminate competition and keep prices below the prohibitive mark.

All the money loaned the allies by this country will be spent in the United States by this proposed commission. The commission will co-operate with the various departments of the United States though there will be no interference with the buying of supplies.

Another thing that the commission will do will be to turn over to the United States shipping board all of the vessels for which the various governments have contracted. These vessels will be completed by the board and distributed in line with the general plan where they are most needed.

Tate Refuses To Fire Assistants Despite Grand Jury Report

(International News Service.)

Birmingham, May 12.—A terse and positive defiance of the recommendation of the grand jury to discharge his assistants was issued by Circuit Solicitor Joseph R. Tate this morning. The supreme court has decided their appointments are legal, and they remain appointed notwithstanding the uninfluenced report of the grand jury."

Y. M. C. A. TO RAISE THREE MILLIONS IN THE ENTIRE NATION

STATE SECRETARY TELLS OF BIG CAMPAIGN THAT WILL BE WAGED SOON.

Three million dollars will be raised by the Y. M. C. A. for the purpose of placing the association in the new army. Of this sum, Alabama will be asked to give \$50,000. This was the announcement made to the Alabama Federation of Women's Clubs, First District, in the closing hours of the convention yesterday afternoon at Decatur city hall by State Secretary Richardson of the Y. M. C. A. The financial campaign will be opened late in May.

The recent plan of the Y. M. C. A. is to employ 1,000 secretaries who will be assigned to army duty. "Huts" are to be built at every troop mobilization point, and secretaries stationed there to look out for the spiritual and physical welfare of the soldiers. The work is to be carried on on a bigger scale than ever before attempted.

The Federation, after hearing Secretary Richardson, selected Huntsville as the next meeting place and elected Miss *Pleasant Hobbs, of Athens, as chairman, and Mrs. Fred Hunt, of Decatur, as secretary.

WHITE MAN PLACED IN MORGAN COUNTY JAIL.

The charges are said to be sensational. Vest will be arraigned before Judge Frank Davis, of the Decatur inferior court, one day next week for preliminary hearing. He is said to be well-to-do and influential in his community.

SPEAKERS PLEAD FOR HOME GUARD

STRESS THE NECESSITY OF THE ORGANIZATION AND CALL FOR VOLUNTEERS.

While the Albany home guard stood "at ease" last night in front of the shop gates, four speakers addressed the assembled crowd and urged that the ranks of the organization be swelled by many new recruits. The speakers were Mayor E. C. Payne, Lieut. Richard Kelley, Sergeant Miller and B. L. Malone.

The points stressed by the speakers were these: That the war is here and that it must be met; that it is the duty of every citizen to do his "bit"; that when the men of military age are gone to the front and successive calls have come, that there must be an organization left behind to protect the homes and the women and children; that the guard is not for pleasure or play but is to be taken seriously; that those not subject to the first call but who may be called but later should learn the manual of arms; that an unusual opportunity is presented by the presence here and the courtesy and interest of officers of the national guard, who have volunteered to act as drill instructors.

Each of the speakers was applauded, and as a result of the campaign several recruits were enlisted.

Despite the rain, which caused the "fall out" command to be executed twice, the guards drilled the regulation period.

GAG BILL KILLED IN SENATE TODAY BY SINGLE VOTE

Hiram Johnson Of California Wins His First Big Fight

FREE PRESS IS NOW ASSURED

Underwood Of Alabama Voted With The Admin- istration for Censorship

(International News Service.)

Washington, May 12.—Senator Hiram Johnson, of California, won his first big fight in the senate this afternoon when that body by a vote of 39 to 38 accepted his amendment striking out the whole censorship provision of the espionage bill. Free speech and uncontrolled press through out the war is now assured unless unforeseen developments intervene.

The vote on Johnson's motion, coming immediately after the senate convened today, ended one of the most stubborn and spectacular fights waged in the senate in recent years. Party lines were obliterated. All the influence of the administration was thrown behind the censorship provision.

The opposition grew so strong, however, that the drastic provision as originally drafted was re-written many times. Senator Johnson, however, steadfastly refused to accept any compromise, and his speech yesterday seemed to turn the tide against the measure.

Senator Underwood, of Alabama, voted with the minority for the censorship, and Senator Bankhead did not vote.

Immediately after the killing of the censorship section, Senator Kirby of Arkansas, one of the "little group of wilful men" made a final effort to insert an amendment even more drastic than the original provision. It was voted down, 70 to 65.

SWITZERLAND TAKES ACTION ON KAISER

SWISS TAKE ACTION FOLLOWING MAKING OF AGREEMENT WITH UNITED STATES.

(International News Service.)

Paris, May 12.—A complete trade blockade against Germany is indicated in dispatches received here today from Rome. Switzerland has notified Germany that the recent trade agreement reached between the German and Swiss governments cannot be carried out.

The abrogation of the agreement is caused by the cancellation of transportation contracts by all American steamship companies with Switzerland, Scandinavian countries and Holland. Guarantee of supplies for neutral countries has been made by the United States government in exchange for an agreement that all exports to Germany be suspended.

The Brooklyn Citizen in its issue of Wednesday, says: George Curtis Almon, for the past three years of the advertising staff of the Citizen, today received notice that he had passed the government examination, and is ordered to report at the reserve officers' training camp at Plattsburg on next Monday afternoon at 2 o'clock.

From this number 6,000 passed the physical examination, and from among these Mr. Almon was among those finally picked to train at Plattsburg.

Mr. Almon is well known to the advertising men of Brooklyn and Manhattan. His ability and affability have gone hand and hand in making him a success in the advertising world and those who have had business with him as a representative of the Citizen hold him in the greatest esteem.

Mr. Almon is a Vanderbilt University man, and before coming to Brooklyn three years ago, was with his uncle, Congressman Edward B. Almon at Washington. Mr. Almon's father, D. C. Almon, is district attorney at Albany, Ala. After leaving Washington Mr. Almon joined the Citizen staff, where his career has been both meritorious and successful.

THE CHINESE PREFER TO STICK TO THEIR TUBS.

Somehow we just naturally expect the heathen to remain wedded to their idols. And in the same connection, we also expect the Chinese to stick to their washing tubs. This being admitted, there was no occasion for surprise when the Chinese "house of representatives," a group evidently of the premier and declined to declare war on Germany.

There are some four hundred tallions of these Celestials, and a per capita war tax of \$33 levied upon that nation so opulent in population would do much to bulge the war chest of the allies. The only difficulty about collecting this tribute is that it would have to be earned for the most part by those Chinks who reside in America and "washee, washee" for a livelihood. It would bankrupt the ordinary rice-eater to be separated from thirty-three cents.

Just now America is prepared to more fully realize the horrors of war. America, more earnestly than ever before, is desirous of honorable peace. At the same time the object lesson in deep humility and national degradation furnished by the Chinese empire is in itself an incentive to beligerency. It is possible to respect the blood-thirsty Germans and to admire their hardihood. It is impossible to feel even respect for a nation that abuses itself before the whole world and pays homage to inferior nations on demand. Little wonder that the Chinese veneration for pacifism has produced a race of laundymen.

A THOUGHT FOR THE SABBATH AND EVERY OTHER DAY

BY OBSERVER.

If you have heard the groans of the horses that died of going after the country doctor or not, is another story. But what country-rear person has not thrilled at the sound of such a horse's hoofs and the sight of him in full possession of his mighty strength he was seen galloping up the road in his mad race for life or death, as we then thought. And in these days the doctor also comes to his patient in a hurry. But now all is changed. Now the doctor waits a while. He wants to see first what nature is going to do for his patient.

"What will nature do?" That is just the important question for all of us. Dr. Eaves, the tuberculosis expert, said at the Decatur city hall recently, that there are only three things one can do for one's health and all of them simply mean letting nature have a chance. The doctor's three recipes are: Breathe live air, and let it be as pure as possible; second, eat nourishing food and see that you assimilate it; and third, rest, quietly and in a systematic manner.

But these are the three hardest things on earth to do! Yes, so they are. But is not the prize of health worth such an effort. Why take a nostrum, when you know it will do you no permanent good, just because it is easier? Why paint yourself from without and cause thoughtful people's

Albany High Students Write Letter to Virgil

The following witty and interesting letter was written by students of the Albany high school to Virgil, the Latin poet:

Dear Virgil:—Since you have given us such a lasting description of the ancient world and the land of spirits it is but right that you should be haunted occasionally by tidings from the modern "sueria oris." We sincerely think it is your due to know by whom you are haunted. We are in the Senior Latin class, following the wanderings of friend Aeneas at the rate of thirty (or more) lines a night. You may think a student's communication of very little importance, but, sad though it be, we feel it is your duty to know that Aeneas' kingdom has been removed from the Lavinian shores to the school room and there he is doomed to stay except on special occasions, or when invited by friends, he frequently wanders from his realms.

Our usual greeting each morning is "How's the Virgil?" But right here we would have you know that we do not mean "Virgil" at all, but simply "How's the Aeneid." This expression has become so familiar and therefore we consider it to be a part of our daily routine of life. We do not mean to offend you or to do Aeneas any injustice, but we do believe Aeneas complained too much. But maybe this was due to the fact that he was "tossed by the wrath of cruel Juno," and "driven by the Fates." For we do appreciate your repeating so often the thought that Aeneas "driven by the fates was a wanderer on all lands and seas," for it has saved us many drops of midnight oil, to say nothing of the valuable time taken in searching the vocabulary from start to finish.

We know it will please you to learn that some of your sentences have become proverbs. Only yesterday someone exclaimed, "I fear the U-boats even bringing dyes." However, unless you are keeping up with the present European war you cannot appreciate this new version of Laocoon's speech. But the people of this age are likely to modernize anything. Instead of hearing such expressions as "Beware of the horse," we frequently hear such as, "Beware of the Germans." But, doubtless, you understand all about spies and such things, having lived among the wily Greeks so long.

To resume, we would say that if you were writing today doubtless would never have occurred to you to say "dux femina facti." For now, unless otherwise stated, that is known to be the case.

We appreciate your telling us of the lower world and know from your clear descriptions that you must have been very familiar with that region. We must now return to our study of the Aeneas, politely hoping that you will never write another. We remain, Languid Latin Scholars,
 Still Struggling,

The Melting Pot.

(By Sergt. John R. Harkreader, U. S. A.)

The tramp who tramped through the woodland lane,
 Through the season's heat and the autumn rain,
 Now has his little bit to do,
 As he dreams of his old time can and stew—
 He must hike his way through the chill and damp,
 Till the foe o'er his head will tramp, tramp, tramp.

The bum who bumbled from door to door,
 Has gone away to bum no more.
 The bulldog's teeth have grown quite blunt
 From lack of the prey they used to hunt,
 While the bum's poor knees are stiff and numb,
 From bumbling to the bomb-proof for another bomb.

The butcher who butchered our butcher's bills,
 Now butchers the Boches on the Lorraine hills.
 While we at home thank Uncle Sam
 For controlling the price of our pork and ham,
 When the war is over, with an even break,
 The butcher will be butchered like his own beefsteak.

Another story that the war gods tell,
 Is that of the passing of the neler do well;
 He who each day took a step or so
 Down the downward path his kind must go,
 But who, to redeem himself, quite bravely fell,
 His face to Berlin, his soul to hell.

The best of us must form a tie
 With the worst of us when the moment comes to die,
 And the preacher's son can do no more,
 Than fall as the drunkard did next door;
 So pull together, and if we win,
 The "down and outs" may come home men.

"ANURIC!"
THE NEWEST
DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric!" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.
 Go to your nearest drug store and simply ask for a 50-cent package of "Anuric!" manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE—French scientists affirm that "Anuric!" is thirty-seven times more active than lithium in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric!" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Little Liver Pills. One little Pellet for a laxative—three for a cathartic.

GERMANY'S NEW SUBMARINE.

Germany's inventors are also busy. Washington is informed that these scientists have achieved another advance in the development of under-sea craft. The "silent" submarine, it is said, has been developed by the enemy. The new type will drive quietly through the waters, creep upon its prey and discharge its torpedo "without the victim having the slightest knowledge of an enemy's approach."

It is here remarked by a Washington correspondent that the German "noiseless" submarine has made ineffective the detector which the British developed early in the war. The detector, never worked perfectly, but it was of some assistance in scenting the approach of a submarine.

Now German scientists are reported to have found a way to take the noise out of submarines. If the report is correct it must heighten the hope of our people that our naval consulting board has found a reply to the submarines, and that haste will be made in putting it into use.

The Germans are not an inferior people. The high men in Germany are scientists, and they have consecrated their skill and genius to the cause of German success in the war.—Montgomery Advertiser.

May Wheat Price Fixed At \$3.18

(International News Service.)

Chicago, May 12.—A committee appointed to fix a price for May wheat today ordered that all contracts be filled at \$3.18 per bushel. Following the order there was no trading in May grains, while July and September wheat respectively dropped 2 1/2 and 3 cents. Corn and oats also made a recession.

Later in the morning July wheat took the place of May futures and prices climbed steadily. At the close July wheat was bid at \$2.75, more than 25 cents above the opening and a new high record.

Just In Passing!

THE DAILY IS READ.
 "They certainly read the Daily," said Otto Moebes. "I put in an advertisement last week and stated through error that we have ladies' hose at ten cents per pair. This was an error, the price being fifteen cents. We had scores of calls after the ad appeared for the ten-cent hose. It looks like everybody had noticed the ten-cent hose which was stuck away down in the body of the ad in small type."

PLANTING FOODSTUFFS.

"The people of North Alabama are responding nobly to the demand for more food crops," said Federal Inspector W. W. Cameron. "I have been over a good deal of the counties in the northern part of the state and everywhere I go I find the farmers planting foodstuffs on a larger scale than ever before. If the people in other parts of the country are doing as the farmers of this section are doing, I don't think we will have any shortage of foodstuffs."

ATTENTION! K. of P.

By order of Hermione Lodge, No. 16, K. of P., all Knights are requested to attend the memorial services to be held at the First M. E. church, Decatur, Sunday afternoon at 3 o'clock, May 13, 1917. Grand Chancellor Taylor wishes to personally greet you. If you have ever been a member of the order you are wanted. Be there to answer the roll call.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

FIRST DISTRICT FEDERATION.

Mrs. John D. Wyker, chairman.

Great pleasure was added to the visit of the delegates to the First District convention of Federated Woman's Clubs of Alabama by an auto ride. In company with the Twin Cities club women, delegates on arrival were met at the trains and given a two-hour ride. After the meeting at the Decatur city hall an informal reception was held that every one might meet the visitors. Friday morning reports from the local clubs were made. Mrs. Hooper again delighted her hearers, her thought taking a patriotic turn, naturally, as she gives two sons to the service of their country.

In the retirement of Mrs. John D. Wyker from activities in club life the state loses one of its cleverest leaders. As a presiding officer she is gracious, tactful and equal to every demand. During the many years of her leadership great good has been accomplished along many lines, to which she has largely contributed, giving of her abilities unstintingly, and she may rest assured that the work she has done has been lovingly engraved upon hearts that will ever carry appreciation and tender esteem. It has been a work of uplift and benefit to others with her, and generous motives have ever guided her. The club women of Alabama will pay a debt of gratitude to Mrs. Wyker in the expressions of "well and faithfully done."

MISS MARJORIE BEARD A BOOK-DANSAIR HOSTESS.

The delightful juvenile event of the spring was the book-dance given last evening by Marjorie, the daughter of Mr. and Mrs. Hal B. Beard. The tables were arranged in the living and dining rooms, the dining table, the piece de resistance, with its glittering dishes of bon bons, centered by a Dolly Varden basket of pink roses. Marie Evelyn Calvin made top score and Eleanor Harrison cut the consolation. After the presentation of prizes, ices were served. Afterward dancing was enjoyed. The little hostess received her guests wearing a blue taffeta Betty Wales. Those invited were: Marie Evelyn Calvin, Lady Bluett Wallace, Marjorie Pointer, Margaret Speake, Jane Odum, Esther Kerr, Christine Almon, Mary Jervis, Mary Harvey, Ruth Chrissinger, Amanda Pride, Myrtle Graves, Mildred Green, Eleanor Harrison, Eloise Mayer, Beatie Finney, Ruby White, Lera Thompson, Inez McCall, Lucy Thomas Roberts, Lucile Patterson, Mildred Moebes. Mrs. Beard was assisted by Mrs. Charles Eyster and Miss Viola Bowles.

COMPLIMENT TO MRS. J. P.

HOOPER, PRESIDENT OF STATE

FEDERATION WOMAN'S CLUBS.

At noon, Friday, Mrs. John D. Wyker and Mrs. Joseph H. Calvin were joint hostesses at a luncheon for the State Federation president and visiting delegates, at the residence of the latter. The table was covered with Florentine lace and centered by a vase of fresh-colored peonies, from which streamers of fresh-colored machine connected smaller vases of fresh and white sweet peas near the ends of the table. To the twelve place cards were attached by bows of pink machine corsages of sweet peas.

With Mrs. Hooper, those enjoying this function were Mesdames Humes, Pryor, Glasgow, Ward, Thompson, White, McGehee, Johnson and Miss Hobbs.

Mrs. Jesse Cook is doing nicely, following an operation at the Benevolent hospital.

Francis, little daughter of Mr. and Mrs. J. P. Whitman, is suffering an attack of whooping cough.

MRS. SCHILDER RECEIVES

Orange blossoms are usually in order about June 1, as this is the season for brides, but Mrs. F. M. Schilder, of Albany, is ahead of the game, having received some of the choice flowers from far away California, together with a handsome box of fruit, the gift of a friend.

Tokio, May 12.—Japan and America have joined hands. Together they

These statements, made at the inauguration of the new American-Japan Society last night by Viscount Montono, are the first official indications of Japan's attitude towards the United States in the world war. Premier Terauchi expressed similar sentiments at the banquet.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134 Advertising.

AMUSEMENTS

Ince's Great Spectacle Comes to the Masonic Monday and Tuesday.

New York City June 3, 1916.

Thos. H. Ince, Esq.

Criterion Theatre, New York.

Dear Mr. Ince:—For one who has been through the Gehenna of Nations in France and for the millions who remain, as I went, to lay down my life for the defence of my country and my loved ones, I thank you, sir, with a simple soldier's prayer that your wonderful picture (which I saw here tonight) may waken your own great race to the Demoniac madness of modern war.

What you in your mighty screen sermon have depicted—vivid, remorseless and truly horrible as it is—is but the least part of the Saturnalia of war.

Picture the stench of your comrades rotting in death by your side as you are bespattered by the hot blood of others freshly butchered in all the blistering heat and volcanic thunder of shrieking shells and belching guns! Then, in the black and deadlier silence of night, while you lie half-buried in muddy, bloody slime hour after hour waiting for hell's fire to burst out from earth and sky again, to feel the maggots that are devouring in their millions the men you have lived and fought by, crawling over your own living carcass, as your brain reels in delirium at the sights and sounds you hear and see, and at those struggling souls you feel above and above you, still fighting a ghostly battle in the air, as if not realizing death.

Then—the thoughts of home, of the anguish of loved ones, their lack of support—helpless women, hungry babes—Oh! God! You can't think of it!

No! Not even you, whose vision seems to have been made prophetic, clear and pure with the power of a great God-purpose. I can write no more. I can think of no more that I dare write. But, sir, you have in "Civilization" done a great work for God and for the sons of that man who made us all in His image.

May God bless and prosper you as the world will thank you is the heart's prayer of

"A PLAIN BRITISH SOLDIER."
